28. – 30. ožujka 2023.

# Arnes and Open Science in Slovenia

Arnes in odprta znanost v Sloveniji

Marko Drobnjak

ARNES (Academic and Research Network of Slovenia)

# Our Poster

## Key Actors

- Ministry of Higher Education, Science and Innovation
- University of Maribor Library
- Arnes
- Team @Arnes
- Marko Drobnjak
- Urša Vodopivec
- Damjan Harisch

# Why Open Science

- Open Science can improve the quality, efficiency, and responsiveness of scientific research.
- Open Science aims to increase access to scientific research and data for everyone.
- The FAIR principles are a set of guidelines used to promote Open Science.
  - The principles are focused on making research data findable, accessible, interoperable, and reusable.

# Legal Starting Point

- The Law on Scientific Research and Development Activities (ZZrID) - 2021
- The Slovenian Science and Innovation Strategy 2030 (ReZrIS30) - 2022
- The Action Plan for Open Science - 2023

# Open Science Day x EOSC

- The Open Science Day 2022, a gathering of key stakeholders in science and research in Slovenia, was held as a part of the Knowledge Network conference.
- The EOSC tripartite event with participants from academia, industry, government, and EOSC Association presented the role of the EOSC in transforming the future of science.
- The highlight of the conference was the establishment of the Slovenian Open Science Community.
